BYLAW NO. 2020-04

**A BYLAW FOR THE TOWN OF WATSON FOR THE PREVENTION OF FIRE,
THE PREVENTION OF THE SPREAD OF FIRE, AND FOR THE
PRESERVATION OF LIFE AND PROPERTY IN THE EVENT OF FIRE.**

The Council of the Town of Watson in the Province of Saskatchewan enacts as follows:

1. This Bylaw may be cited as the “Fire Prevention Bylaw”.

If any section, subsection, sentence, clause, phrase or other portion of this Bylaw is for any reason held invalid or unconstitutional by any Court of competent jurisdiction, that portion shall be deemed a separate, distinct and independent provision and the holding of the Court shall not affect the validity of the remaining portions of the Bylaw.

**2. ADOPTION OF THE NATIONAL FIRE CODE OF CANADA AND
NATIONAL BUILDING CODE OF CANADA**

The documents known as the *National Fire Code and National Building Code of Canada*, together with its appendices, and its amendments, supplements and its revisions, as they are published from time to time, issued by the associate Committee on the Canadian commission on building and Fire Codes, National research Council of Canada, Ottawa, is hereby adopted and the same shall be deemed to apply within the Town of Watson in the same manner and to the same extent as if set forth in detail in this bylaw.

3. DEFINITIONS:

- a) “Approval” or “Approved” means the written approval by the authority having jurisdiction.
- b) “Authority having jurisdiction” shall mean the Town of Watson.
- c) “Fire Chief” means the Chief of the Town of Watson Fire Department appointed by resolution of Council for the Town of Watson and in his absence the Deputy Fire Chief appointed by the Fire Chief.
- d) “Building Inspector” means the person having jurisdiction appointed by the Town of Watson.
- e) Any words used in this Bylaw not defined in Section 3 shall be interpreted under the provisions of Section 1.2 of *The National Fire Code* and/or Section 2 of *The Fire Prevention Act, 1992*.
- f) “CAO” means the Chief Administrative Officer for the Town of Watson.

4. ADMINISTRATION OF BYLAW

The provisions of this Bylaw shall be administered and enforced by the Fire Chief, and shall have all the powers and duties conferred on him by *The Fire Prevention Act*,

1992, by the Chief Administrative Officer for the Town of Watson and any officer appointed by the CAO.

5. AUTHORITY TO INSPECT BUILDINGS AND PREMISES

The Fire Chief shall, upon complaint of a person interested or without complaint or when the Fire Chief deems it necessary, inspect any building and premises within his jurisdiction, and for that purpose may at all reasonable hours enter into, upon those buildings or premises.

6. PROVIDING ASSISTANCE AND INFORMATION

The owner, occupier or lease of a building or property or any other person having knowledge of the building or property shall, upon request, give to the Fire Chief, who is carrying out an inspection of the building or property, such assistance or information as he may reasonably require in carrying out the inspection.

7. OPEN OUTDOOR FIRES

- 1) Subject to Subsection (2), no person shall light, or start or allow or cause to be lighted, ignited or started a fire of any kind whatsoever in the open air without first having obtained a written permit to do so from the Fire Chief, in the Form shown in Schedule "A" to this Bylaw.
- 2) A person to whom a permit has been issued under Subsection (1), shall place and at all times keep a competent person in charge of the fire while it is burning or smoldering and shall provide that person with efficient equipment in order to prevent the fire from getting beyond control or causing damage or becoming dangerous. The equipment to be used may consist of a garden hose connected to the water supply or portable fire extinguishers.
 - a) The fire Chief shall have the authority to prohibit any or all open fires when atmospheric conditions or local circumstances, in his opinion, make such fires hazardous.
- 3) No permit shall be required to light, ignite, or start or allow or cause to be lighted, ignited or started a charcoal or gas operated barbecue, grill or similar device used to cook food.
- 4) Fire Pits
 - a) A written permit in the form shown in Schedule "B" attached to this bylaw is required before construction and/or using a receptacle for open fires.
 - b) Open air fires must be contained in a manufactured non-combustible receptacle constructed of cement or brick, or sheet metal which has a minimum 10 gauge thickness and designed for the use as a fire pit, with a diameter of not more than thirty (30) inches, and be approved by the Fire Chief. Permitted fire pits shall not consist only of a pit or hole dug in the ground.
 - c) The receptacle must be located on private property, a distance of at least 3.1 meters or 10 feet from any property line, building or combustible

structures or from trees or combustible vegetation that might be situated on the property.

- d) The receptacle must be covered with a heavy gauge metal screen with openings not exceeding 1 cm.
 - e) The area 40 cm or 16 inches on the ground around the circumference of the receptacle shall be free of combustible materials or vegetation and shall be covered with sand. The area directly under the receptacle shall also consist of sand or another type of non-combustible material such as concrete or brick.
 - f) The fuel for open-air fires shall consist only of charcoal briquettes, cut seasoned wood, or manufactured logs. The burning of the following or any other materials is prohibited:
 - Cardboard
 - Rubbish
 - Garden Refuse or Leaves
 - Manure
 - Livestock or Animal Carcasses
 - Any material classified as dangerous goods; and
 - Any material which when burned will generate black smoke or an offensive odor including insulation from electrical coring or equipment, asphalt roofing materials, hydrocarbons, plastics, rubber materials, creosote wood or any similar material.
- 5) Open-air fires shall not be permitted in any front yard, as defined in the Town's Zoning Bylaw as amended from time to time.
 - 6) Open-air fires must be reasonably supervised so as to prevent their spread.
 - 7) Open-air fires are not to be set in windy conditions conducive to creating a running fire, and if smoke from an open-air causes unreasonable interference with the use and enjoyment of another person's property the fire must be extinguished immediately. Repeated offenses of this nature will result in immediate removal of the permit, at the discretion of the Fire Chief or Building Inspector.
 - 8) If due to excessive flames and/or smoke of any residential open-air fire pit, a call is placed to the local fire department and firefighters are dispersed, the owner of the fire pit shall be assessed a fine in accordance with Schedule "E".
 - 9) Nothing in this section shall relieve any person from complying with the provisions of *The Air Pollution Control Act* of the Province of Saskatchewan and the regulations passed pursuant thereto.

8. INCINERATORS

- 1) No incinerator shall be constructed or installed within the corporate limits of the Town of Watson.
- 2) Burning barrels or any similar device used for the burning of any household or yard refuse are prohibited.

- 3) Exterior solid burning hydronic heating systems shall not be allowed in any residential, commercial or industrial areas within the limits of the Town of Watson.

10. FIREWORKS

- 1) No person shall discharge fireworks from any location within the boundaries of the Town of Watson without first obtaining written permit in the form of Schedule "C" attached to and forming part of this bylaw.
- 2) No person shall sell fireworks to children under eighteen (18) years of age.
- 3) No fireworks shall be discharged between the hours of 11:00 PM and 9:00 AM.
- 4) No fireworks shall be discharged without the permission of the land owner.

11. STORAGE OF CONTAINERS

- 1) All boxes, crates, pallets, and other containers, empty or otherwise, used or kept in any building or on any lot shall be:
 - a) So stacked or piled to keep them clear of windows and doors to provide for clear ingress and egress to or from any part of the premises or building.
 - b) So piled or stacked as not to encroach onto property lines or adjacent properties or road allowances.
 - c) Kept away from any source of ignition.
- 2) Any accumulation of boxes, pallets, crates, or other containers, packing material or other such materials, which in the opinion of the Fire Chief constitutes a fire hazard, shall immediately be removed on the written or verbal order of the Fire Chief.
- 3) The accumulation of tall grass or vegetation around these boxes, pallets, crates, or containers, which in the opinion of the Fire Chief could constitute a fire hazard, is prohibited.

12. BLOCKED ENTRANCES AND EXITS

Whenever the Fire Chief finds a church, school, rink, apartment block, hotel, motel, restaurant, night club, bingo hall or other building used by the public as a resort or place of public assembly where any entrance doors or any emergency exit doors are blocked, barred, bolted, or locked in any manner other than with standard panic hardware or a form of quick acting hardware during the time when the building is being publicly used, he may order the owner, tenant or occupant responsible to immediately remove all such blockages, bars, bolts, padlocks, chains, or other devices so that the door can be readily opened from the interior.

13. OBSTRUCTING A FIRE HYDRANT

- 1) No fence, shrub, tree or other object shall be erected, allowed or maintained;
 - a) Within one (1) meter of a fire hydrant;
 - b) So as to prevent the fire hydrant from being clearly visible from the street or other public thoroughfare or;
 - c) So as to obstruct free access by emergency services to the fire hydrant.

14. CORRECTION OF IMMEDIATE HAZARD

- 1) Whenever the Fire Chief finds combustible or explosive materials, flammable liquids, or hazardous chemicals being used, stored, or kept in such a manner as to constitute a threat to persons or property, he may verbally or in writing order the immediate removal of the combustible or explosive material, flammable liquid or hazardous chemical from the building or premises.
- 2) Whenever the Fire Chief finds a building, structure or premise or part of a building, structure or premise which is unoccupied and which, in his opinion, is not being kept in a safe condition to guard against fire or the risk of fire or other dangerous risk or accident, he may order the owner, tenant, occupant or agent responsible to remedy the dangerous condition and to secure the building, structure or premise in such a manner as to prevent any unauthorized entry to the building, structure or premises or part of the building, structure, or premise by any person while it is unoccupied.
- 3) In the case of an immediate hazard if the owner, tenant, occupant or agent responsible refuses and/or neglects to comply with the order of the Fire Chief to remedy the hazardous condition if the owner, tenant, occupant or agent responsible for the building cannot be located, the Fire Chief or Building Inspector may take such action as is appropriate, without notice and at the expense of the owner, tenant, occupant, or agent responsible for the building.

15. EMERGENCIES

If any emergency arising from a fire hazard or from a risk of explosion causes the Fire Chief to be apprehensive of imminent and serious danger to life or property, or of an urgent nature, he may forthwith take such steps as he thinks advisable to remove the hazard or risk, and he may cause the evacuation of any building or area, and he may call upon the police and fire prevention authorities to assist him.

16. LEAKING FLAMMABLE LIQUID TANKS OR PIPING

Whenever flammable liquids or vapors are suspected to emanate from underground or above ground tanks or piping and in the opinion of the Fire Chief could cause a hazardous condition, the Fire Chief may order the drilling of test holes, the testing of tanks and piping, the excavation of tanks and piping, or any other procedure deemed necessary in order to expose and correct the hazardous conditions. If an underground leak is suspected the Saskatchewan Environmental Services Branch shall be notified.

17. TRANSPORTATION VEHICLES

- 1) No person shall park, place, or leave any vehicle containing any hazardous substances or waste dangerous goods on any highway, street, lane, or other public place except in accordance with the provisions of the transportation of dangerous goods regulations of Saskatchewan.
 - a) For the purpose of this Section, “Hazardous Substances” and “Waste Dangerous Goods” shall have the same meaning as defined in the *Dangerous Goods Transportation Act*, as amended from time to time.

18. HAZARDOUS, FLAMMABLE OR CHEMICAL DISCHARGES

- 1) No person, industry, company, or manufacturer shall discharge or permit to be discharged into any sanitary sewer, storm sewer, sewer connection, catch basin, ditch, lane or street, any flammable liquid or hazardous chemical whether by itself or in combination with any other liquid or solid. The Fire Chief may make such orders as are deemed necessary in order to eliminate the said discharge, and to temporarily shut down any activity or operating suspected of being the source of the discharge.
- 2) Every person, industry, company, or manufacturer shall upon request supply the Fire Chief with a complete list of all waste dangerous goods, hazardous substances, or other flammable or explosive material stored at or on the property.

19. DUTIES OF THE FIRE CHIEF

- 1) To make a general inspection of the business district and other areas within the Town for the purpose of ascertaining any violation of the provisions of this Bylaw and obtaining information concerning conditions liable to cause fire. To inspect any other buildings and/or premises as the circumstances require and to order the removal of or remedy any conditions that could cause a fire or hazard.
- 2) To keep a record of all inspections performed in a year.
- 3) To help investigate any fire deemed suspicious in nature in order to ascertain the cause, origin or other circumstances thereof.
- 4) To foster fire prevention.
- 5) To keep a permanent record of all orders, registered caveats, issued or applied to remedy fire hazardous conditions and to make a monthly written report thereof to Council.
- 6) To enforce the regulations set forth in this Bylaw in accordance with the *National Fire Code and Building Code*.

20. PERSONS PRESENT AT A FIRE

It shall be the duty of all persons at a fire to assist in its suppression if called upon to do so by the fire chief and all persons present at or assisting in the suppression of a fire shall obey the commands of the Fire Chief.

21. FIRE PREVENTION PROCEDURES FOR SCHOOLS AND INSTITUTIONS

- 1) The person in charge of every home for the aged or nursing home and the principal of every school, shall establish a procedure according to approved practice to be followed in the event of fire or an alarm of fire.
- 2) The procedure established under subsection (1) shall set out the duties of the staff in the event of fire and shall include evacuation routes for the other occupants of the building.
- 3) The person in charge or principal referred to in subsection (1) shall instruct the staff and occupants in the procedure established under subsection (1) and (2) and shall post the appropriate procedure in a conspicuous place in each occupancy referred to in subsection (1).
- 4) The procedure established by the person in charge or principal referred to in subsection (1) shall include the following:

- a) During each school year a minimum of six fire drills shall be held at irregular intervals.
 - b) Fire drills in schools shall be held at least three times in the fall of each year and three times in the spring of the year.
 - c) During inclement weather, drills need not be held.
 - d) No person, except the person in charge, principal or member of the fire department or Fire Chief shall be aware that a drill is about to take place.
 - e) Residents or occupants shall not be allowed to get their outer garments when a fire drill is held.
 - f) In schools, pupils shall be instructed to keep in line during a fire drill to avoid crowding and to refrain from talking.
 - g) Hand signals or distinct verbal commands shall be used to start or stop marching.
 - h) Pupils, residents, or other persons shall proceed to a pre-determined point of safety outside the building and remain there until a check is made to account for everyone in the building.
 - i) Records of fire drills carried out will be kept and shown upon request to the Fire Chief.
 - j) All fire drill alarms shall be sounded on the fire alarm system.
 - k) In order that all evacuees will not be returned to a building which is burning, the call back signal shall be one that is separate and distinct from and cannot be mistaken for any other signal.
- 5) Fire alarm and detection systems shall be installed in every home for the aged or nursing home and school in accordance with good engineering practice and shall be inspected and tested in conformance with the National fire Code and Building Code and C.S.A. standards. A copy of all yearly inspection reports shall be retained and handed over to the Fire Chief upon request.
- 6) The principal of every school and the person in charge of every home or institution shall ensure that each staff member and occupant or pupil who is capable is instructed in the method of sounding an alarm of fire and that each staff member is instructed in the proper method of using first aid firefighting equipment.

22. ORDERS TO REMEDY HAZARDOUS CONDITIONS

- 1) When upon inspection the Fire Chief finds that any provision of this Bylaw has been contravened or not complied with in full or in part or that conditions exist in or upon a building or property to which this Bylaw applies, which in the opinion of the Fire Chief constitutes a hazard to life or property or both, he may make such Orders or recommendations as he considers necessary to ensure full and proper compliance with this Bylaw and in particular may, without restricting the generality of the foregoing:
- a) Make to the owner, occupier or lessee of the building or property such recommendations as he considers necessary to remedy the contravention or to ensure compliance with this Bylaw or to cause removal of the hazard, or,
 - b) Make such Orders as he deems necessary with the respect to any of the matters referred to in this Bylaw to enforce compliance with any of the

requirements of an owner, occupier or lessee under this Bylaw or which in his opinion are necessary to prevent a hazard to persons or property.

- 2) An Order under subsection 22(1)(b):
 - a) Shall specify:
 - i. The contravention;
 - ii. The civic address and the legal description of the building, structure, premises or land in or on which the contravention is occurring;
 - iii. Any terms and conditions to be complied with to remedy the contravention; and
 - iv. The date by which the terms and conditions of the Order are to be complied with;
 - b) Shall provide:
 - i. A statement that if the terms and conditions of the Order have not been complied with within the time specified in the Order, the Fire Chief may carry out the remedy at the expense of the owner;
 - ii. The date and place at which and the process by which an appeal from the Order may be made; and
 - iii. A statement that filing an appeal does not stay the Order but that the appellant may apply to the Fire Commissioner for a stay of the Order pursuant to Section 25 of *The Fire Prevention Act, 1992*; and
 - c) May direct the owner, operator or occupant to do one or more of the following within the time limit set out in the Order:
 - i. Remedy the contravention of the Bylaw, including doing anything in relation to the building, structure or premises that the Fire Chief or Building Inspector considers necessary to remedy the non-compliance;
 - ii. Repair, alter, remove or demolish the building, structure or premises;
 - iii. Alter the use or occupancy of the building, structure or premises;
 - iv. Replace materials used in the construction of the buildings, structures and premises;
 - v. Remove or change the manner of use, storage, handling or disposal of inflammable and combustible liquids, inflammable and combustible materials and explosives;
 - vi. Clean, repair, remove or replace equipment, apparatus or fire protection devices that are faulty or considered dangerous;
 - vii. Install or correct the faulty installation of fire safeguards, equipment or fire protection devices; and
 - viii. Clear or remove any obstruction to public access for a building used for public assemblage.
- 3) Where an Order is carried out by the Fire Chief pursuant to Subsection 22(2), the costs and expenses in carrying out the Order are a debt due to the municipality and may be recovered from the owner of the building, structure, or premises in or on which the Order was carried out. Where the said cost and expenses are not paid at the end of the year in which the Order was carried out, the municipality may add the amount of the costs and expenses to the owner's property tax.
- 4) Where in the course of an investigation or inspection, the Building Inspector or the Fire Chief is of the opinion that a condition exists creating a serious danger to

life or property the Building Inspector or Fire Chief may do any or all of the following:

- a) Use any measures that the Building Inspector or Fire Chief considers appropriate to remove or lessen the condition;
- b) Evacuate and close or cause the closing of a building or structure and cause it to be boarded up and secured and kept in a safe condition and to guard against fire or other dangerous risk or accident.

23. SERVING OF ORDERS

- 1) An Order made under this Bylaw shall be in writing and may be directed to the owner, occupier or lessee of the building or property in respect of which the Order is made or both.
- 2) An Order made under this bylaw shall be served by:
 - a) Delivering it or causing it to be delivered to the person or persons to whom it is directed, or by forwarding to such person or persons by registered mail a true copy of the said Order and such service shall be sufficient if a receipt from the postmaster for the envelope containing such copy of the Order, and a receipt of such envelope purporting to be signed by the person or persons in questions are attached to the original Order and made exhibits to the affidavit of service, or by;
 - b) Posting a copy of it in a conspicuous place in the building or property if the person to whom it is directed cannot be found, or if not known or refuses to accept service of Order.
- 3) The owner, agent of the owner, occupant or lessee in control of the property described in the Order may under the provisions of the immediately preceding, upon receiving a copy of the said Order or Notice thereof, shall be obliged to fully comply with the said Order within such time as the said Order may direct. Failure to comply with the Order, shall constitute a contravention of this Bylaw.

24. APPEAL OF ORDERS

Any person who considers himself aggrieved by any Order made by the Fire Chief under the provisions of this Bylaw may appeal such Order in writing to the Fire Commissioner of the Province within fifteen (15) days of being served the order.

25. OFFENCES AND PENALTIES

- 1) No person shall tamper with fire exit doors, portable or fixed fire extinguishing equipment, automatic fire detection systems, automatic sprinkler systems, manual or automatic fire alarms or any other fire safeguards installed in a building or other premises.
- 2) No person shall make, or cause to be made, a false alarm of fire or other dangerous risk.
- 3) Everyone commits an offence who:

- a) Blocks an exit or access to an exit in any building;
 - b) Neglects to maintain a fire exit door or fire exit hardware on a fire exit door in any building in operating condition;
